A Blooming Business. Screening With Tongzhi In Love

Australian Premiere

TON VAN ZANTVOORT / NETHERLANDS (SWAHILI WITH ENGLISH SUB.) / 2009 / 52MIN / DOCO

A Blooming Business uses a language of intimate images to lead us gently through the harsh realities of the global flower industry. The beauty of the rose takes on a new significance as we learn the stories of those imprisoned by the industry itself. We forget the presence of the camera as we enter into the lives of various flower farm workers, only to be left with questions about the real cost of what we consume.
